Hi All,

See attached for the checklist. Cannot locate the final letter and checklist from last year. Does anyone have Martha's Oregon NPS files?

If I print two of these I will have bookends for my books in my library. Is there a section(s) we should focus on?

Subject: 2014 NPS ODEQ Annual Report

Jill, greetings

Hope you are doing well.

Please accept ODEQ's **Oregon Nonpoint Source Pollution Program 2014 Annual Report**.

The report meets the requirements of section 319 (h) (8) and (11) of the Federal Clean Water Act (CWA) (33 USC 1329). It documents the activities and accomplishments of the State of Oregon in general and the Oregon DEQ in particular regarding the administration of the State's NPS Program during the period January – December 2014. Oregon revised its NPS Control Program Plan following EPA's guidance that became available in 2014.

The report represents a strong network of federal, state and local partners finding common ground in stewardship. Many hours were spent capturing the hard work in planning and

implementing the NPS program.

It is our understanding that the Annual Report and the Oregon 319 request for funding goes hand in hand.

Please let me know if you have comments, or if I could provide additional information.
